

"**Blue Sky CAD** have a comprehensive knowledge of the Luxury House Market. Skilled, clear presentation of technical information coupled with successful results have enabled us to achieve our aim of providing the highest quality service to our Clients. We pride ourselves on our exceptional attention to detail"

LUXURY AT IT'S BEST

We offer fully integrated feasibility study, planning design and technical service packages which can be tailored to suit the individual requirements of the Client or Project. With our comprehensive knowledge of the Luxury House market and various working relationships, we can assemble a cohesive team of consultants, that can produce award winning properties for Developers and End User Clients.

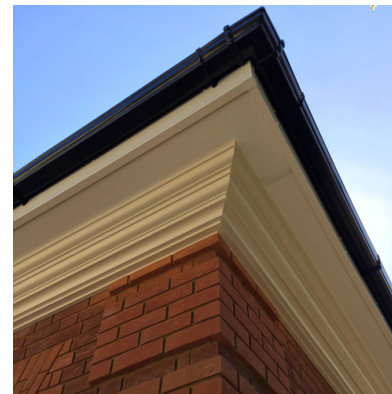

Our knowledgeable in-house team can provide;

Feasibility Studies
Scheme Design
Basic Modelling / Visualisations
Building Regulations Applications
NHBC Submissions

House Type Approvals
Working Drawings
Checking of Supplier Drawings
Technical Advice / Consultancy
Tendering

Consultants we have links with can provide numerous services, including; Landscaping Designs, Structural Engineering, Civil Engineering and Infrastructure, Land Appraisal Studies, CGI's, SAP Calculations, CDM Co-ordination, Site Supervision, Quantity Surveying and Project Management.

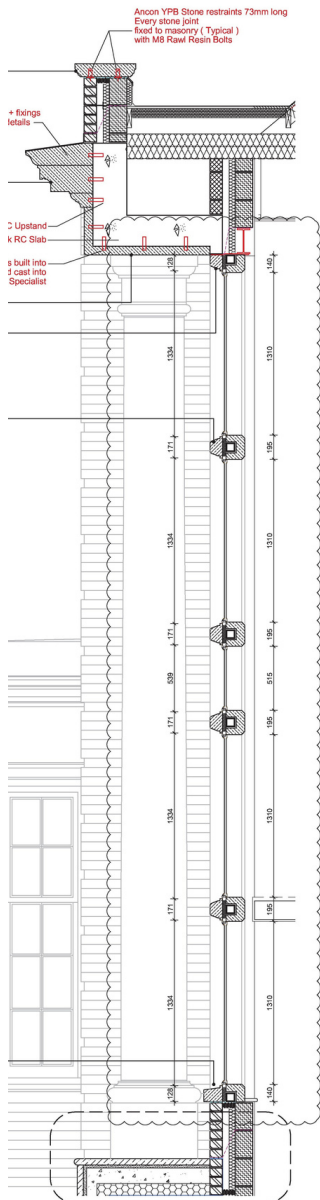

At **Blue Sky CAD** our strength lies in focusing on achieving the right balance between aesthetics, technical excellence, and buildability.
